Hi, Becky!

I sent a message to Angela saying that I didn't expect any VI sampling this FY based on previous sampling data and the fact that the HeadStart adjacent to Extasy moved to another location.

Can you please let me know if we should re-sample?

Denise

Hey there. Are you guys aware of any other VI sampling that needs to take place in PR this year?

Please let me know what sites, if any, require sampling for VI this FY. We are trying to 'bundle' these to lower mobilization costs. So far I know that San German needs sampling, any others?
